Good Mood Gig Talent Search
Introduction Video Transcript

"Hi, I'm Jim, I'm part of the Nature Made SAMe Complete outreach team at Ignite Social Media. And with everything going on in the world today we thought what *better* way to have a naturally good mood, than to have a *really* great job.

So that's what we're doing today we're launching the Good Mood Gig talent search. Your chance, to win a 6 month stint, working with us! Telling people about how you can maintain your naturally good mood.

In exchange, you'll get \$5,000 a month; and a *really* great cutting edge laptop that you can blog from, you can make videos from, whatever you need to do to do this job. Best of all, you can work wherever you want, you can set your own hours, you can even do it if you have another job!

So, read the terms and conditions on the site, apply today, and then get your friends to vote for you. 'Cause if you're the winner, you'll be part of our team, and it's a really *good* gig."
